

Premium Pro Enterprise Hosted Software (SaaS)

Software as a Service (SaaS) is on-demand software. Premium Pro Enterprise is now available over the Internet, which means you can focus on premium taxes and forget about software maintenance.

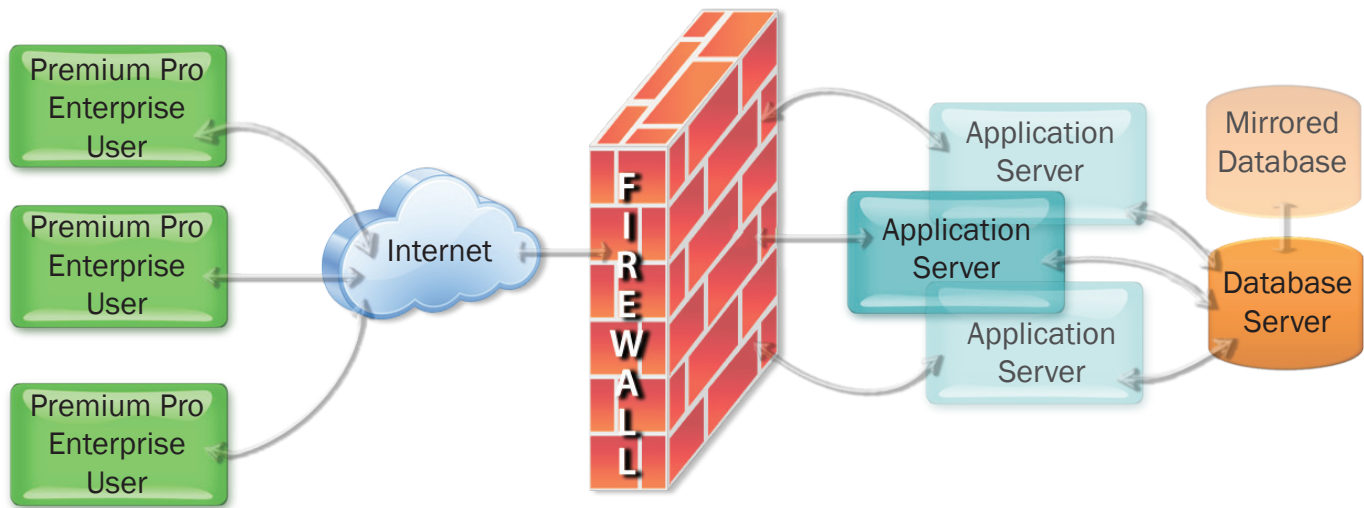

How is the hosted solution different from software installed locally?

The software is centrally hosted by TriTech, so users access Premium Pro via the web. New versions and enhancements are available effortlessly and seamlessly – no waiting for your IT department to apply updates or new releases. Cloud-based

software means we do the backup and updating for you so you can concentrate on your work. And no matter what type of computer you have, all you need is an internet connection and you're good to go.

Benefits of Premium Pro Enterprise - Hosted

- Access Premium Pro Enterprise from anywhere there is an internet connection
- No client/server software installation or maintenance
- TriTech handles the software and hardware, as well as security, basic disaster recovery, and data storage
- Immediate access to the most current version of Premium Pro Enterprise
- You retain control over all aspects of data collection, interfaces, return preparation, and filing
- Decreased dependency on your IT department
- No need to invest in expensive servers or database software
- TriTech is SSAE 16 compliant
- Data will always remain confidential and safe
- Secure access, limited to subscribed clients only
- Servers are housed in a state of the art facility
- Virus protection with daily updates
- Data redundancy to protect against equipment failure
- Daily backups
